5.1.3 Monitoring and Reporting Budgets

All budgets and performance against budgets are reported to, and reviewed by, the Board on a **quarterly** basis.

In addition to monitoring and tracking, all budgets are formally reviewed, and adjusted, if necessary, at the 6 monthly period, allowing for any major miscalculations or changes to the budget to be amended. A record of the changes and their rationale is maintained. Changes are only permitted by the board.

5.2 Project budgets

Separate budgets are developed for specific projects or activities, and or where income is in the form of restricted or tagged funds.

Specific projects and activities require the allocation of a management fee to the organisation's operating budget to cover administrative costs of supporting the project/activity, such as electricity, printing, IT support, rent and general postage.

SECTION 6: ACCOUNTING PRACTICE

6.1 Accounting standards

The organisation's accounting practice is informed by and aligns with the Australian Accounting Standards¹. New accounting standards *AASB 15 Revenue from Contracts with Customers* and *AASB 1058 Income of Not-for-profit Entities* become effective for accounting periods commencing on or after 1 January 2019².

6.2 Chart of accounts

The organisation develops and maintains an organisation-specific standard chart of accounts based on the Standard Chart of Accounts³. The standard chart of accounts is applied to all accounting practice(s) of the organisation.

The organisation's standard chart of accounts contains the following groupings:

- » Income
- » Assets
- » Liabilities
- » Equity
- » Cost of Goods Sold
- » Expenses

6.3 Costs

Costs refer to the value of resources required by the organisation to achieve its strategic goals. The organisation distinguishes between direct, indirect, fixed, and variable costs as part of budget development.

The organisation depreciates purchased physical items which are expected to have a longer life, to spread cost over a period that is longer than the budget period.

Physical items to be depreciated are those with an expected life.

Physical items to be depreciated include:

- » Motor vehicles = 4 years.
- » Computer infrastructure = 2 years.
- » Computer operating equipment = 2 years.
- » Office equipment = 2 years.
- » Lease hold improvement = term of the lease.

6.4 Accounts payable

Accounts payable are managed as outlined below:

- » All accounts are paid on time and advantage is taken of early payment discounts.
- » Organisation payments are made in accordance with endorsed budgets.
- » Authorization for purchases is according to the authorized delegation limits.
- » Purchase or expenditure not included in endorsed budgets and/or not within the CEO's delegation require approval from the Board.

¹ Australian Accounting Standards Board, Australian government

² These accounting standards are set to bring about some significant changes to the revenue and income recognition practices of not-for-profit (NFP) entities. AASB 15 changes revenue recognition from the current "transfer of risks and rewards" model to a "transfer of control" model. AASB 1058 is expected to more closely reflect the economic reality of the underlying transaction and will replace the vast majority of AASB 1004 Contributions.

³ National Standard Chart of Accounts, April 2010, Australian Charities and Not for Profit Commission

- » All purchase documentation is to be attached to the organisation's *Purchase Order Form* for signed and dated approval by the delegated staff member.

6.5 Accounts receivable

6.5.1 Managing accounts receivable

All sales and revenue-producing activity of the organisation is recorded fully and accurately in the organisation's accounting systems.

Upon confirmation of a sale/payment, a customer record and fully detailed invoice is created in the electronic accounting system. Credit checks are undertaken to ensure details are valid and correct.

Sales must remain open until payment is received or the organisation determines it is to be written off as a bad debt.

Received payments must be accurately matched against an open sale invoice and allocated to the designated budget item account before being deposited into the bank account.

6.5.2 Managing debtors and outstanding debts

A debtors list is produced and reviewed weekly by the Finance and Operations Manager, Financial Accountant and the Accounts Receivable Officer to monitor debts. Debtors are to be provided with communication reminding them of their debt.

Debts are to be written off only when all reasonable attempts at recovery have taken place and recovery has proven to be unsuccessful and further action is either not cost-effective or highly unlikely to succeed.

Approval for debts to be written off must be provided by the CEO. All debts that have been written off are reported to the Board. Debt that has been written off is considered an expense item for accounting purposes.

6.6 Reconciliation

Bank statements are reconciled daily by the Financial Accountant. Reconciled bank statements are verified by the Finance and Operations Manager at the end of each month.

6.7 Cash flow management and solvency

Cash flow is monitored to ensure the organisation has sufficient funds available to pay its bills and prevent trading while insolvent.

6.7.1 Solvency

The Directors have a responsibility to ensure that the organisation is solvent, that is, able to pay its debts as and when they fall due.

The Board must have reasonable grounds to determine that the organisation is solvent. In order to make such a determination, the Board needs reliable, accurate and complete financial records maintained by the organisation. *See Section 11: Monitoring and Reporting.*

Where cash / bank balances are at minimal levels, the cash flow projection should be utilised to mitigate and manage cash deficiencies.

6.7.2 Cash management

Cash is tracked daily, and a report is sent by the Financial Accountant to the Finance and Operations Manager and the CEO.

The organisation develops and maintains a cash flow forecast which is included in financial reporting and review by the Board of Directors.

The following cash flow management practices must be adhered to:

- » Cash is banked weekly.
- » Cash banking is carried out by two staff members.
- » Cash is kept secure and locked in a safe when not being used for transaction or recording purposes.

The organisation maintains a petty cash float for the payment of small, individual business purchases that are of a dollar value that does not warrant an alternative purchase method.

The petty cash float is maintained at a minimum of \$50 and a maximum of \$500.

All payments from petty cash require a legible receipt that directly relates to and details the purchased item/s.

All payments from petty cash are recorded in the Petty Cash Register.

Petty cash records are reconciled and filed at the end of each month.

Petty cash is managed by Account Receivable Officer.

6.10 Organisation credit cards

The organisation provides credit cards to facilitate efficient purchase and payment of goods and services relating directly to the operations of the charity.

The Board of Directors and CEO determine the staff positions that are eligible to use organisation-provided credit cards based on position responsibilities, delegation level and efficiency benefits.

Organisation-provided credit cards:

- » are to be used only for purchase and payment of goods and services relating directly to the operations of the charity.
- » have a maximum credit limit of \$15,000 for each credit card for the CEO, Management Team \$5,000 and Apprentice Employment Managers are \$2,000.

All receipts and records must be provided for each credit card purchase/payment. Receipts are to be attached to monthly bank credit card statements for reconciliation, verification, and approval.

Monthly bank credit card statements must be signed by each credit card holder to confirm that the expenditure is a true and accurate record and complies with the organisation policies relating to expenditure.

Signed bank credit card statements are reviewed and approved by Finance and Operations Manager.

Staff members provided with an organisation credit card are responsible for maintaining the security of the credit card. In the case of loss or theft of the credit card staff members must immediately contact the Finance and Operations Manager who will then arrange for cancellation of the credit card.

Any use of credit cards that does not comply with this policy may be dealt with as fraudulent or irregular practice.

Apprenticeships Are Us Ltd may use the expression of interest process to establish an ongoing relationship with a preferred supplier for specified goods or services. A preferred supplier will retain this status for a period of six (6) months and will be subject to internal senior management review.

Procurement services under \$10,000 in an income year cumulatively may be selected from the pre-qualified list of consultants and service providers.

Procurement of services for amounts over \$10,000 will require an Expression of Interest to be coordinated. At least (3) independent EOIs are to be obtained. The EOI may be obtained from the preferred supplier list or any other service provider.
